## PROFILE

I'm a student passionate about web development and problem-solving. I have experience with HTML, CSS, JavaScript, PHP, Laravel and SQL. I enjoy building real-world projects, learning new technologies, and improving my skills. I'm looking forward to gaining practical experience and growing as a developer.

## WORK EXPERIENCE

**Comsci Technologies** MAY 2026 - AUG 2026

Web Developer-Internship

- Developed and maintained responsive web applications using PHP, Laravel, JavaScript, Bootstrap, and Next.js.
- Designed and optimized relational database schemas in MySQL to support scalable data storage and efficient queries.

## EDUCATION

**B.Tech in CSE** Jul 2026 - Present

Marwadi University

**Diploma in computer engineering** Aug 2026 - Feb 2026

Marwadi University

## PROJECT

**personal portfolio(Personal Project)**

Designed and deployed a responsive, mobile-first portfolio website featuring custom-built UI components, smooth stateful interactions, and live project demonstrations.

**E-Gram Portal (Group Project)**

Web-based Gram Panchayat management portal that digitizes citizen and local government services. Includes citizen registration, complaints, suggestions, certificate requests, government schemes, meetings, events, and dedicated Sarpanch and Talati dashboards for efficient service management.

**Quiz Master (Internship Project)**

Full stack quiz management platform for teachers and students. Includes quiz creation, scheduling, timed assessments, progress tracking, results, performance analytics, and quiz history. Built to simplify online assessment and provide an organized learning experience.

**LED Sign City (Internship Project)**

Modern responsive marketing website for an LED signage company. Showcases indoor, outdoor, and mobile LED signage solutions with product categories, industries, case studies, reviews, FAQs, and interactive sections.
